

NSF Arctic-FROST ANNUAL NETWORK MEETING AND EARLY CAREER SCHOLARS WORKSHOP:

Arctic Sustainability in the Global Context:

What can we learn from or teach the rest of the world?

VIENNA, AUSTRIA, SEPTEMBER 9-12, 2016

The Arctic-FROST research coordination network is pleased to announce the availability of travel awards for Early Career Researchers to attend The Second Arctic-FROST network meeting and Early Career Scholars Workshop on Arctic Sustainability in the Global Context in Vienna, Austria (September 9-12, 2016).

Arctic-FROST: Arctic FRontiers Of SusTainability: Resources, Societies, Environments and Development in the Changing North is a new NSF-funded international interdisciplinary collaborative network that teams together environmental and social scientists, local educators and community members from all circumpolar countries to enable and mobilize research on sustainable Arctic development, specifically aimed at improving health, human development and well-being of Arctic communities while conserving ecosystem structures, functions and resources under changing climate conditions

The theme of the Annual Meeting and Early Career Scholars Workshop is on **Arctic Sustainability in the Global Context**. Papers could deal with *(1) sustainability and sustainable development in the Arctic or Sub-Arctic of particular relevance to the rest of the world, (2) comparative studies of sustainability between Arctic and other regions, (3) studies from various geographic contexts, which provide valuable insights into Arctic sustainability, (4) studies that analyze the role of outside actors in arctic sustainable development* are welcome.

- ☐ *The main focus question of the conference is ““What Can Arctic Sustainability Research Learn from or Teach the Rest of the World?”*

At this meeting the Arctic-FROST casts a wide net and welcomes papers that address one of the following broad categories:

- Sustainable environments
- Sustainable economies
- Sustainable cultures
- Sustainable regions/communities

All participants :

- (1) Will present their work at the Annual Meeting (all papers/presentations will be published online and considered for inclusion in the Arctic-FROST *edited volume* and/or in *Polar Geography*)
- (2) Will participate in discussions and round tables with leading sustainability science researchers

(3) Will participate in the Workshop activities immediately following the Annual Meeting

Eligibility: an applicant shall be

- (1) early career scholar (5 years since PhD) or current graduate student;
- (2) Arctic-FROST network member by registering at www.uni.edu/arctic/frost
- (3) prepared make an oral presentation on the subject related to sustainability and/or sustainable development in the Arctic or Sub-Arctic regions at the meeting and
- (4) available to participate in all conference and workshop activities.

We accept applications from eligible applicants from *all countries, disciplines and institution types*. Applications from Indigenous scholars and Arctic residents are especially encouraged.

Funding: Arctic-FROST will cover full cost of attendance including travel and accommodations. Normally funds will be paid after the travel is completed; based on the reimbursement claim. The participants will be expected to comply with NSF travel requirements.

Application Deadline: April 30th, 2016

Application: submit extended abstract of your paper (500-750 words), short biosketch (1 page), statement of interest in workshop participation (1 page), register as Arctic-FROST member at www.uni.edu/arctic/frost

Send your applications and inquiries to am.crawford@uni.edu and andrey.petrov@uni.edu (copy to both emails).

Dr. Petrov will be available for inquiries at the ASSW 2016 meeting in Fairbanks, AK (March 11-18th, 2016)
